

We Are the MTA/NJ

and we've had your back since 1972.

The Marine Trades Association of New Jersey (MTA/NJ), comprised of over 300 marine-related businesses, is a non-profit organization dedicated to advancing, promoting and protecting the recreational marine industry and waterways in the State of New Jersey.

We fight for your business in Trenton and in Washington DC. Our high-level government contacts paired with our united force of Members have enabled us to move and stop legislation and regulations that affect your business operations.

We produce two of our own boat shows and endorse the Atlantic City Boat Show. These shows not only offer members discounted rates to sell and promote their products, but also engage the local boating community and redirect funds back into our industry efforts to promote and protect recreational boating in our state.

We offer several different avenues to promote your business and have fun. Our packed calendar of networking and social events will grow your contacts and increase your exposure. There are many advertising and sponsorship opportunities to target new business.

Everyone who does business in boating should be a Member of the MTA/NJ.
Now is the time to join and experience all of the benefits of membership.
